

# COMMUNITY GARDENS OPEN HOUSE

**A Celebration of Community Gardens and Gardeners!**

**Sunday, September 14**

**1:00–4:00 PM Community Gardens Open for Visits  
(see list below)**

**4:00–5:30 PM Celebration Event at The People's Garden**

Participants will gather at the People's Garden on 409 Northwestern Parkway for a post-tour celebration featuring refreshments, educational displays, demonstrations and conversations on gardening and starting a community garden. And bring your biggest home-grown tomato for 15Thousand Farmers' MondoTomato Contest.

The purpose of this event is to give folks who are growing food or interested in growing food an opportunity to see how other urban gardeners are providing food for their families and friends.

Hosted by the Food in Neighborhoods Community Coalition. Other partners include Louisville Grows, U of K County Extension Service, Metro Louisville Office of Economic Development and 15Thousand Farmers.

## Participating gardens include:

- Billy Goat Hill Garden
